for a live demo today!

**Quality Guaranteed!**

**2 and 3 Year Extended System Warranties Now available!**

## ADD-ONS AVAILABLE\*

- **Dual video monitor displays** - View live cameras on the main monitor, while searching and reviewing video on the other - all at the same time!
- **Pan-Tilt-Zoom (PTZ) cameras** - With PTZ upgrades, control cameras' movement locally or remotely! Many models available, for different needs and budgets!
- **Backup Power Supplies** - Add powerful Uninterruptible Power Supply (UPS) units to ensure system integrity and continuous recording during power outages!
- **Recordable audio channels** - With an add-on audio input card, up to sixteen audio channels can be recorded (where applicable by law)!
- **External CCTV monitoring** - Output selected real-time video camera feeds to an office-wide Closed Circuit Television (CCTV) monitor system! Single view, 2x2, 3x3 or 4x4 view outputs available!
- **Phone Message Alerts** - Record voice messages to send alerts to duty personnel when activity is detected, via a land line or cell phone!
- **E-mail Message Alerts** - Custom messages and still images can be sent to a monitoring station or cell phone e-mail when activity is detected!
- **Motion Sensors** - Add true "hi-tech" security by connecting door, window or motion sensors to the DVR! Integrates with Pan-Tilt-Zoom cameras for "move on detection" surveillance!
- **Output Device Activation** - Enable the DVR to turn on lights, sirens or other devices on activity detection! Manual switching available, locally or by remote access!

\*Some add-ons not available to certain DVR configurations.
